PRESS RELEASE

LEISURE CANADA APPOINTS NEW V-P TO CUBA

For Immediate Release – May 3, 2000

Leisure Canada Inc. (“LCI”) is pleased to announce the appointment of Mr. Guillermo (Mito) Martis as Senior Vice-President Development and Construction. Mr. Martis is working out of the offices of LCI’s wholly-owned subsidiary Wilton Properties Limited, located in Havana, Cuba, assuming the duties and responsibilities previously carried out by Peter MacLeod during his tenure in Cuba. Mr. MacLeod returned from Cuba earlier this year to assume his new role as President and Chief Operating Officer of LCI, and Mr. Martis will work closely with Mr. MacLeod as the development and construction continues in Cuba.

Mr. Martis has over 20 years of experience in design and construction, including 12 years within the resort industry, and considerable knowledge and experience with the establishment of timeshare resorts. Since 1987, Mr. Martis was the Vice President Development and Construction for Sun Development Company N.V. in Aruba, where he was actively involved in the design, development and construction of the Tierra del Sol, a master planned community with a Robert Trent Jones II designed championship golf course, the Casa del Mar Beach Resorts, Playa Linda and Costa Linda Beach Resort, of which the last two resorts were each winners of an ARDA Silver Award for Architecture and Design. During that time, while he was researching the need for time-share properties in the Caribbean, he also became familiar with the Cuban business culture.

Prior to his involvement in the resort industry, Mr. Martis held the position of Technical Advisor and Acting National Authorizing Officer of the European Community with the Department for Development Cooperation in Curaçao Netherlands Antilles, from 1975 to 1980 and, subsequently, the position of Acting Director and Director of Government Land Administration with the Government of Aruba from 1980 to 1987. In addition, Mr. Martis is fluent in four languages, including English and Spanish.

“The company is about to commence construction of its first Hotel in Jibacoa and Mito’s Caribbean experience makes him an excellent candidate for the job.” Mr. MacLeod commented, “He will also lend his expertise to the implementation of our time-share project. I am extremely pleased to have him working for us in Cuba.”

The 2000 Annual General Meeting of Shareholders will be held at 2:00 p.m., Vancouver time, on Wednesday, May 31, 2000 at the Lonsdale Quay Hotel, 123 Carrie Cates Court, North Vancouver, British Columbia, Canada
